## Snow Sport Specifics in Brief!!

Four ski areas make up the Engelberg resort...

### Titlis Area-

2000 meters of altitude difference of slopes and trails, great snow conditions well into spring, breathtaking Alpine surroundings: three aspects that make the Engelberg-Titlis Ski Area the special place it is.

It's one of the largest ski areas in Central Switzerland with no less than 25 lifts and means of uphill transport. Boasting 82 km of slopes, the Engelberg-TITLIS ski area offers plenty of variety. The total route length for downhill skiing and snowboarding is 82 kilometres. The incline length (downhill route) is 55 kilometres. Within the system of 82 km of slopes, there are downhill runs for the 'pros' as well as 3 slopes for beginners. Glacial slopes at 3'000 m above sea level make skiing possible from October till May - there's always snow!

Outdoor sports + fresh air = hunger: There are plenty of restaurants to choose from to take care of that!

Italian pasta, French fries or classic Swiss 'Älplermagronen' - or whatever dish it takes to recharge winter athletes so that they're ready to hit the slopes again for more thrilling downhill runs.

A tip: the downhill run to the valley is the longest stretch - covering a distance of 12 km with an altitude difference of 2'000 m. What a perfect way to wrap up a day on the slopes! There are red, blue, black, and yellow slopes. Beginners and professional - nobody gets bored here!

### Brunni - the Sunny Side of Engelberg

Enjoy 7 kilometers of well-prepared trails and the sunniest slopes for skiing and snowboarding in Central Switzerland on the brunni. Psst! A little secret: black-marker Schonegg-Piste offers one of the prettiest views of the mountains surrounding Engelberg

**The Bannalp Area** is the jewel in the crown of the canton of Nidwalden. With its unspoiled nature, snowy landscapes, fresh mountain air, this is the perfect >>>>

# ENGELBERG, SWITZERLAND

March 18 - 28, 2017

**Engelberg** is, according to a recent cover story in Powder Magazine, is Switzerland's best kept secret! Now the largest ski resort in Central Switzerland, Engelberg has plenty of slopes for both experienced and inexperienced skiers and snowboarders, as well as a wide range of off-piste attractions.

Formerly quiet monastery village, Engelberg became a modern winter sports center with international guests. If you go skiing in Engelberg, you will find a variety of different slopes between Brunni and Jochpass. The old mountain village is the largest family winter sports resort in Central Switzerland. Some 2,000 m in altitude and 12 km on foot separate the peak of the Titlis from the valley below. Many lifts serve the snowy pistes, offering numerous descents of varying difficulty for skiers, snowboarders and telemarkers. The ski resort Engelberg also includes a terrain park with halfpipe.

place to wind down and replenish your energy. The Bannalp has two family-friendly ski lifts for gentle skiing and snowboarding descents. The six blue and one red slope ensure skiing fun for all ages.

**The Gerschnialp Area** boasts enchanting mountain panoramas and excellent skiing conditions for families and beginners. The Gerschnialp offers the perfect conditions for beginners to master their skiing or snowboarding technique and have plenty of fun in the process. The beginners' area is 1,300 metres above sea level, so there will still be enough snow at Easter for attempting initial descents and working on technique.
