# SPECIAL MESSAGE FROM THE BOARD

**THINK TRAVEL!**

**\* THINK SNOW!**

## \* WINTER 2021 TRIPS

- \* The Jackson Hole trip in January 2020 has been cancelled. We did not have enough interest to get group pricing. We believe COVID-19 is the reason. If virus conditions dramatically improve in the next month or two and there is a resurgence of interest in a trip to Jackson Hole, we'll see if we can put something together then.
- \* The OVSC trip to Telluride is still on. However, we may have to cancel by November 20<sup>th</sup> if there is not enough interest among our members.
- \* An application and a \$100 deposit are all that's required to reserve a spot on this trip. Everything can be handled online. Please check the Telluride trip page for details. If we do have to cancel the trip all deposits will be promptly refunded. If it appears that we have enough interest to keep the trip alive, we will contact those who have signed up and let them know about payment schedules and policies for later cancellations.

\*

## \* MEMBERSHIP MEETINGS

- \* Because there are still restrictions on group-gathering sizes and restaurant capacities due to the pandemic, we will again not be having an in-person membership meeting this month. However, we're going to get together by ZOOM at 6:30 pm on Tuesday, November 10<sup>th</sup> (one week later than usual because of the election). We'll chat for a while, as well as a group can on Zoom, and around 7:00 a representative from Perfect North Slopes will join us to talk about their plans for this season and about their affiliation with Timberline in West Virginia.
- \* We'll circulate instructions for joining the meeting by email a few days in advance. If there's enough interest we may try it again in December.
- \* Until then, be safe and stay healthy.
- \* Please send comments, questions and suggestions to [president@lexskisports.org](mailto:president@lexskisports.org) .

Telluride is the only Ohio Valley Ski Council (OVSC) western trip for 2020-2021. Therefore, other clubs are also participating. The information below was developed by Jim Luken, who is the OVSC North American Trips Director and a member of the Dayton Ski Club. These comments describe his decision to participate in the trip based on his assessment of the risk. He also provides more specifics regarding resort guidelines. With his permission, we are sharing it with LSSC members.

### *Ski Trip to Telluride During the Age of the Coronavirus*

*By Jim Luken, OVSC North American Trips Director*

*Sign-ups for the OVSC ski trip to Telluride in February, 2021, are going poorly. Judging from comments made by several people who have expressed interest, they say they are holding back until it appears that it is safe to go. At this point in time, we cannot be assured that a vaccine will be ready or available, or how many doses each of us will require.*

*I was a public health professional my entire 37-year career. I have been following the pandemic since the start. I have a wife, daughters and grandchildren that I love very much and want to see them in the future. I will be going on the Telluride ski trip. Let me explain why.*

*While you may be tired of the virus, the virus is not tired of you. It doesn't care. Public Health is the art of prevention of disease, injury and early death. The risk of infection can be minimized, but not eliminated (at least not for the next year or so). You have heard how to prevent the spread of the virus over and over again. Wear a mask when indoors in public space, avoid crowds, wash hands frequently, and socially distance.*

*Why, then are we seeing such a huge surge in cases (and subsequent increase in deaths)? It's because many people, for whatever reason, are not following the above simple guidelines, and in many cases, are being discouraged by certain parties from following them.*

*Here is how we can all safely travel to Telluride and back, and what is being done by the airlines and resorts to aid in keeping us safe. All parties involved have a vested interest in keeping their customers safe. Let me break this trip down into segments.*

- 1. Travel in the airplane. Recent studies have shown that the air in the airplane is recirculated every two to three minutes. It is also filtered. 99% of contaminants (virus and bacteria) are removed from the air. The air comes from overhead and is sucked back into the system at your feet. After each flight, the plane is thoroughly cleaned and disinfected. Passengers are screened for temperature and symptoms. Masks must be worn at all times. There have been zero spreading events from air travel since these guidelines went into effect.*
- 2. The bus ride to Telluride. Everything that goes for planes goes for busses. The bus ride to Telluride is about two hours. Mask wearing is mandatory. You will have a short time to go mask-less between the airport door and the bus door. Once you enter the bus, the mask goes back on.*
- 3. At the resort – inside your condo. Most people will be rooming in two bedroom condos\*\*. You will be rooming with other cautious and unexposed people such as yourself. If everybody follows the guidelines, you should be good. Telluride management is required to provide “isolation” condos or hotel rooms for those who get the virus. Virus testing is available at the resort.*
- 4. At the resort – Outside. All skiers must have reservations to ski. We have those reservations. You must wear a mask outside and socially distance in the lift lines. Those lines will most likely be all single file. You may ride a lift up alone or with a relation. You must stay six feet apart. This should be no big deal, as your skis have nearly three feet of ski both in front and back of you. Also, the traffic on the hills will most likely be thinned out by those who don't have reservations.*
- 5. At the resort – Dining. We have all paid for certain après ski parties and get-togethers. Several things are in play here. There won't be any “left-over” food night at the end. Telluride has converted a bunch of gondolas into four-person dining cars and placed them at the Mountain Village Plaza, near where many of us are staying. They have also constructed several yurts and very large outdoor dining tents. Of course, carry-out is available. I am bringing my insulated hot bag, so that my food might stay warm between the restaurant and my condo. Food and grocery delivery right to your condo is available. Go to [www.telluridedelivers.com](http://www.telluridedelivers.com) Winter Ski and Sport promises that our traditional get together will involve some creativity, in order to keep us socially distant and safe. And of course, we have the lunch on the mountain, which has always been a safe and socially distanced event.*

*All ski resorts must follow all of these guidelines, including Mad River and Perfect North. Personally, I miss the travel and the skiing and this trip can be a safe one.*

*\*\*Note that the lodging for LSSC is in the town of Telluride at the Mountainside Inn. Two guests per room with kitchenettes and private bathrooms.*
